About Me

I am a recent graduate of the University of Minnesota Full Stack Web Development Bootcamp who wants to transition to a role as a professional web developer. With a proven history of teamwork, collaboration, and critical thinking, I am eager to apply my skills to real-world projects.

Skills

Hard Skills: JavaScript, React, MongoDB, SQL, Node.js, Express

Soft Skills: Time Management, Collaborative Work, Communication, Problem Solving, Adaptability

Experience

Full Stack Web Development Bootcamp, University of Minnesota

Minneapolis, Minnesota

2022-2023

- Graduated with a final grade of 96.25%
- Completed 2-3 projects per week

Lead Carpenter - Braxton Construction

Hopkins, Minnesota

2019-2022

- Increased my team's output by nearly 75% most days by making a plan and goal for each day, pivoting plans when necessary, and utilizing my team based on their individual skills
- Solved complex problems by interpreting blueprints and collaborating with other teams
- Trained new employees so they could be independent thinkers with the skills necessary to take on their own tasks

Featured Projects

Asteroid Tracker

- Utilizes the NASA Asteroid API to provide data on various asteroids
- Allows users to create accounts and leave comments
- Technologies: JavaScript, MySQL2, NASA API, Node.js, Express
- Deployed Page: <https://asteroids.herokuapp.com/>

Weather Forecast

- Allows users to look up the weather and a five-day forecast in any city
- Technologies: JavaScript, OpenWeather API, CSS, HTML
- Deployed Page: <https://erik814.github.io/weather-forecast/>
